

Plaquemine Fire Department offering **FREE** smoke detectors and installation

The Plaquemine Fire Department, in conjunction with the State Fire Marshall's Operation Save a Life program, is offering free smoke detectors, including free installation of the detectors.

TO GET ONE:

Go to one of the three Plaquemine fire stations:

- ✓ 58164 Meriam Street
- ✓ 23090 Jacob Street
- ✓ 58230 Robertson Street

At the fire station you will complete a brief application.

The Fire Department will notify residents who will receive the smoke detector and schedule installation. There are no income, age or other restrictions to receive the smoke detectors.

Proper placement of smoke detectors is important for proper operation, and firefighters know where they should be located to be most effective.

"Smoke detectors are proven to save lives, prevent injuries and minimize property damage by alerting residents early to a fire hazard," said District Fire Chief Darren Ramirez. "This is an opportunity for local residents to have a life-saver installed in their homes at no charge."
